Career summary so far

I am a motivated Frontend Developer with expertise in HTML, CSS, JavaScript, React.js, Bootstrap, SASS, and LESS. Experienced in building responsive and user-centric web applications, I am passionate about creating intuitive interfaces and optimizing user experiences. With strong problem-solving abilities and a commitment to continuous learning, I am eager to contribute to innovative projects and grow as a frontend developer in a collaborative environment.

Education

Vinayaka Mission's Kirupananda Variyar Engineering College, Salem

Aug 2022 – Apr 2026

B.E - Artificial Intelligence and Data Science, CGPA (Upto VIth Sem) - 8.0

Projects

Fashion E-commerce Website with Virtual Try-On & Size Recommendation

Feb 2026– Apr 2026

Developed a full-stack fashion e-commerce platform with virtual try-on functionality. Implemented a size recommendation system using user measurements and dynamic fitting logic. Integrated image processing techniques to simulate virtual outfit preview. Built a responsive UI with product catalog, filtering, cart, and checkout features, ensuring a seamless user experience.

Real-Time Guidance Chatbot (HCL Internship)

Feb 2025– Apr 2025

Developed a real-time chatbot using the Gemini API during an internship at HCL Technologies. The chatbot provided instant user responses and dynamic conversation handling, enhancing customer interaction through AI-driven responses in a web-based interface.

Internships

Besant Technologies

Jan 2026– Present

Enrolled in Python Full Stack Development training at Besant Technologies, Bengaluru, developing practical skills in Python, front-end and back-end development, and end-to-end web application implementation.

HCL Tech

Jan 2025– Apr 2025

Completed a full-stack development internship at HCL, working on web applications using python. Gained hands-on experience in front-end design, back-end logic, and API integration while collaborating in an agile development environment.

Certifications / Workshops

Robotic Process Automation (RPA) Challenge

2025

Participated in the Robotic Process Automation (RPA) Challenge Program conducted by Infosys ICT Academy, gaining hands-on experience in UiPath Studio, automation workflows, and process optimization to strengthen problem-solving and automation development skills.

Conference

2025

Presented a paper entitled “Chatbot for College Student” in the National Conference on Exploring the Potential of Next-Gen Computing Application (NCEPNCA-2025), organized by Vinayaka Mission's Kirupananda Variyar Arts and Science College, Salem on 4 April 2025.

SKILLS

Programming : Python, JavaScript

Web : HTML, CSS, SASS, LESS, Bootstrap, React.js

Database : SQL (MySQL, PostgreSQL)

Tools : GitHub, Git, Postman, VS Code
