Professional Summary

I am a Web Developer skilled in HTML, CSS, JavaScript, React.js, Python, Django, MySQL, and Firebase. Experienced in developing responsive web applications and user-centric solutions through projects. Passionate about building scalable applications and improving my technical expertise.

Education

Vinayaka Mission's Kirupananda Variyar Engineering College, Salem. Aug 2022 – Apr 2026
B.E - Artificial Intelligence and Data Science, CGPA - 8.5/10

Projects

Resort & Adventure Booking Platform

- Developed a responsive booking platform for resorts, event halls, adventure activities using React.js.
- Integrated Firebase authentication, cart, user profiles, and JSON-Server for data management.

Full-Stack Real Estate Marketplace

- Built a full-stack property management platform for buyers and sellers using React.js and Django.
- Engineered JWT authentication, role-based dashboards, and dynamic multi-image upload pipelines.

Fashion E-Commerce Platform

- Built a full-stack fashion e-commerce platform with virtual try-on and size recommendation features.
- Developed product catalog, filtering, cart, checkout, and responsive user interfaces with React.js.

Real-Time Guidance Chatbot

- Developed a real-time chatbot using the Gemini API during an internship at HCL Technologies.
- Developed an AI chatbot providing instant responses and enhanced user interaction.

Experience

Besant Technologies **Jan 2026 – Jun 2026**

- Completed Python Full Stack Development training at Besant Technologies, Bengaluru.
- Developed practical skills in Python, front-end and back-end development, and end-to-end web application implementation.

HCL Tech **Jan 2025 – Apr 2025**

- Completed a full-stack development internship at HCL, working on web applications using Python.
- Gained hands-on experience in front-end design, back-end logic, and API integration.
- Collaborated in an agile development environment.

SKILLS
